Draft Terms of Reference of International Organizing Committee (IOC) of HMNDP+10

The International Organizing Committee (IOC) of HMNDP+10 will be organized with the following TORs:

- Membership to the Committee will be on a voluntary basis and the number of institutions will be limited to 10 to 15 organizations;
- Ensure that there is gender balance to the Committee and that institutions can propose 1-2 representatives and 1-2 experts with no more than 4 people per institution;
- Selection of a chairperson from the membership excluding staff of the IDMP Technical Support Unit;
- IDMP Technical Support Unit will help facilitate the workings of the Committee;
- Coordinate the planning of the Meeting and regional pre-meetings with national partners
- Input will be sought from Committee what role, activities and functions related to the organization of the HMNDP+10 it can effectively carry out and the needs for staff and other support for its activities. The main issues for the Committee include:
 - Pre-meetings (regional);
 - Venue(s) and scheduling;
 - Themes and science agenda;
 - High-Level Segment (possible) Ministerial Declaration;
 - Resource mobilization strategy; and
 - National and international support.
- Committee can establish any internal sub-committees to develop or refine the major issues of the Conference as listed below and could include the following:
 - Publications (Document Editorial Group);
 - Public relations (Media Core Group);
 - Local arrangements & registration; and
 - Exhibits & posters.
